OBJECTIVE

To secure a challenging position in a reputable organization where I can leverage my knowledge, skills, and adaptability to contribute to organizational success. Committed to continuous learning, innovation, and collaboration to enhance both personal growth and professional excellence.

EDUCATION

Jawaharlal Nehru Technological University, Anantapur. Dr. K.V.S.R.I.T - Bachelor of Technology, Computer Science Engineering (7.41 CGPA)	Graduated 2024
Sri Masters Junior College, Anantapur. Intermediate – MPC (9.11 CGPA)	Passed 2020
Vedavathi E.M School, Anantapur. Secondary School Certificate (9.7 GPA)	Passed 2018

TECHNICAL SKILLS

Programming: Python, JavaScript, SQL
Web Development: HTML, CSS, JavaScript, Responsive Web Design
Frameworks/Libraries: React.js, Node.js,
Databases: MongoDB
Testing: Postman
Tools: Git, GitHub, VS Code

PROJECTS

Nxt Trendz – E commerce Clone

Developed Nxt Trendz application which is a clone for ECommerce applications like Amazon, Flipkart where users can login and can see list of products with search, filters, sort by, etc.

- Implemented Different pages and routes for Login, Products, Product details using React Router components Route, Switch, Link, props, state, lists, event handlers, form inputs.
- Authenticating and authorizing users by taking username, password and doing login POST HTTP API call and implementing filters by sending them as query parameters to product API calls.
- Persisted user login state by keeping jwt token in local storage, sending it in headers of further API calls to authorize the user.
- Developed and executed test cases to ensure the functionality of Nxt Trendz features.
- Used Postman for API testing and implemented end-to-end testing for user authentication and product filtering.

Technologies used: React JS, JavaScript, CSS, Routing, REST API Calls, Cookies, JWT Token, Authorization Authentication

Book Hub – Goodreads Clone

Developed responsive Goodreads Clone where users can log in and see a list of books, bookshelves like all shelves (books sorted by rating), completed reading shelf, currently reading shelf, want to read shelf, and user can also search books with author's name and book's name.

- Implemented different routes for features like login, home, bookshelves by using React Router components Route, Switch, Link.
- Implemented stars (rating), dropdown (select) using React Third Party libraries called React Rating Stars, React Select.
- Used Figma mock ups to implement UI-rich and pixel-perfect React components.
- Used fetch to call REST APIs for a list of books, bookshelves details and books search APIs.
- Developed and executed test cases to ensure the functionality of Nxt Trendz features.
- Used Postman for API testing and implemented end-to-end testing for user authentication and product filtering.

Technologies used: React JS, JavaScript, CSS, Routing, REST API Calls, Cookies, JWT Token, Authorization, Authentication

CERTIFICATES

- Programming Foundations in Python
- Introduction To Databases
- JavaScript
- React.js
- Node.js

INTERESTS

- Networking Technologies
- Web Technologies
- Software Testing and Quality Assurance

KEY SKILLS & STRENGTHS

- Proficient in MS Office and Word
- Excellent Verbal and Communication Skills
- Good Analytical and Problem-Solving Skills
- Ability to Adapt to Emerging Technologies
